

MASTER OF ARTS IN TEACHING WITH SS/MS

Master of Arts in Teaching

Program Chair: Shana Matamala

Associate Program Chair: Isabel Orejel

Teaching Multiple Subject – M.A. Teaching Single Subject – M.A.

Program Length: The program length is approximately 1.5 - 2 years. Courses are offered in a traditional 16 week format. Some courses are also offered in an accelerated 8 week format, which can shorten the program length. Students are encouraged to meet with their advisor to map out their course sequence.

This program is designed for students wishing to earn their multiple or single subject teaching credential and culminates in a master's degree. Earning a credential takes several steps. Following entry into the program, students must successfully complete teaching methodology courses and fieldwork. Candidates then must be accepted for student teaching, which includes 15 weeks of in-classroom training. Finally, candidates complete core coursework for the master's degree in an area of specialty of their choice, followed by a culminating project or paper structured to help improve their instructional and leadership abilities.

The multiple and single subject credential coursework addresses teaching strategies for all students in California schools. Integrated throughout the program are methodologies to deliver comprehensive instruction to English learners and to work with special populations in the general education classroom. This replaces the program formerly known as the CLAD credential.

All students must complete fieldwork hours in the state of California.
